**Items No. 15 and 16
Attachment to Application to Change**

Applicant: Desert Pearl Farms, LLC

Item No. 15 - Provide a detailed description of the proposed project and its water usage (use attachments if necessary):

Portions of the proposed place of use under this application are currently irrigated by Walker River Decree Claims 2 and 138 and portions of supplemental underground Permit No. 19599, Certificate 5997. Permit No. 72402 was approved as a "primary - stand alone" water right with the understanding that the existing place of use of Permit No. 72402 contained acreage irrigated by both Walker River Decreed surface rights and storage surface rights. The applicant is filing this application to change with the intent to use this water as "primary - stand alone" groundwater within the proposed place of use.

The total area of the proposed place of use, being Lyon County Assessor's Parcel Nos. 014-321-30 and 014-321-31, is approximately 356.27 acres. Applications to Change primary – stand alone groundwater under a portion of Permit Nos. 29621, Certificate 9222 and 72402, and all of Permit Nos. 67210, 67599, 76192 and 77719 is being moved within the proposed place of use for the irrigation of 186.582 acres.

These applications propose to change the point of diversion to an existing well drilled under Permit No. 19599, Certificate 5997. This well is in need of improvement or replacement and the cost to complete the works of diversion has been approximated under Item No. 12.

Item No. 16 - Miscellaneous remarks:

Existing Walker River Decreed Claims 2 and 138, storage surface rights and supplemental underground Permit No. 19599, Certificate 5997 are intended to be stripped upon approval of Application to Change No. 80700.

Reports of Conveyance are being filed concurrently to update the ownership to a portion of Permit Nos. 29621, Certificate 9222, and 72402, and all of Permit Nos. 67210, 67599, 76192 and 77719 to Desert Pearl Farms, LLC, a Nevada limited liability company.
